Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2017 - December 31, 2017

Filing Confirmation Number: 0008056428

Filing Deadline: January 16, 2018

FRN: 0003740768

Filing Date: 01/09/2018 01:37 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: TelAlaska Cellular, Inc.
Brand Names: TelAlaska Cellular, Inc.
PO Box:
Street Address: 201 E 56th Ave
City: Anchorage
State: AK
Zip Code: 99518

Contact Name: Robert W. Dunn
Contact Phone: (907) 563-2003
Contact Fax:
Contact Email: bdunn@telalaska.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice

communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

Yes

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

Yes

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: <http://www.telalaska.com/HAC>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: TelAlaska Cellular's sales staff is trained to assist all existing and prospective customers looking for a HAC-compliant device/handset. TelAlaska Cellular provides detailed HAC handset information to its customers on its website. It also attends community meetings, handing out service brochures.

Methodology for Functionality Levels

TelAlaska Cellular offers HAC-compatible handsets and devices in all major price categories and functionalities. Costs generally correlate with the number of features. TelAlaska Cellular has defined its functionality levels to reflect the capability of the handset offered. TelAlaska has two levels of functionality. "Feature" defined as handsets with talk, text, and basic features. "Smartphone" defined as full feature, data compatible handsets with touch screen display.

Report Remarks

TelAlaska Cellular generally has 9-10 handsets available on an ongoing basis. Report total by air interface shows 13 but some were discontinued or replaced during the year as described in handset remarks. This filing demonstrates full compliance with FCC HAC rules.

You have reported the following handset model summary information.

Total number of handsets offered: 13

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
GSM	8	62%	3	23%	2	15%	13
Wi-Fi	5	50%	3	30%	2	20%	10

Handset 1: Alcatel 768T

Handset Maker

Alcatel

Handset Model Name

768T

FCC ID
